COLLECTION™

X-FIRES™1000 shown with limestone surround.

■ Representing a new frontier in luxurious style and efficiency, the X-FIRES™ gas fireplace from the Dave Lennox *Signature™* Collection combines the inherent beauty of natural stone with the wonder of fire. The gorgeous aura begins with a distinctive and eye-catching surround available in a natural granite or limestone finish. Inside, RefleXion™ technology creates an infinity flame effect of multiple fire levels that is truly mesmerizing. Plus, the lightweight design can be hung on any wall, while the vent-free catalytic converter technology cleans hot air as it leaves the combustion chamber—allowing installation to go where venting cannot. In the living room or beyond, this modern delight will captivate and entertain. ■

IMPORTANT NOTES:

As with any heating appliance, fireplace or stove, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
